ABOUT SYNTROFIA

Syntrofia is a performance-focused training provider. Over the years we have provided high-level training amongst individuals, SMEs, and large multinational organizations.

We provide professional certified courses and conduct bespoke training programs in addition to providing consultancy services on issues that affect bottom-line performance.

As a training provider we offer fresh ideas in training presentation which involves fun, flexibility and most importantly adds measurable value to our client's business. without compromising on quality.

All our training programmes come with material content and effective presentation.

Our strategic business partners include LondonSAM Polska, The Department of Financial Accounting of the Institute of Finance of the Cracow University of Economics and The Association of Chartered Certified Accountants (ACCA).

STRATEGIC BUSINESS REPORTING (SBR)

With the help and guidance of our professional tutor you will be introduced to the subject and fast track you to make strategic business reporting decisions.

Aim of the course is to build on your existing knowledge and skills, in SBR you will be shown how to link accounting issues to relevant concepts in practical situations. You will also be shown how to demonstrate judgement and consider the perspective of different stakeholders such as investors in your training.

As well as demonstrating a sound understanding of the specific technical knowledge relating to group financial statements you will also be introduced to exercise professional and ethical judgement.

An important factor in SBR subject success is the underpinning knowledge that you will gain from Financial Reporting.

So, whether you are new to ACCA, have not studied for a while, or just want to check how well you know the core materials, this training programme is designed to assess your underlying knowledge and get personalised advice on your next steps and how to study for SBR efficiently.

HOW WILL YOU BENEFIT FROM

On completion of the course, you will be able to use your professional judgement to apply and evaluate financial reporting principles in multiple business contexts and situations, arming you with the skills to confidently explain reports and the impacts of transactions to a broad range of stakeholders.
